

# THE FARMS AND RANGES

Edited by  
Francis A. Chisholm, County Agricultural Agent

## CATTLEMEN MEET AT PRESCOTT JULY 6 TO 8

The mid-year meeting of our Arizona Cattle Growers' association will be held at Prescott, Arizona, on July 6th, 7th and 8th, 1922. Following the successful practice of previous years, we will also at that time meet in joint session with the members of the Arizona Wool Growers association.

Our mid-year meeting comes at a very opportune time for the cattlemen to take up the singular conditions now prevailing in the business as bearing upon the present and future welfare of the industry. There has not materialized the improvement in market that we had hoped for this spring. Better times are ahead, however, but we have a number of things of great interest to every cattleman that cannot wait until next year and action at this time. All of the cattlemen are therefore urged to attend these meetings.

Committees appointed in accordance with resolutions passed at our annual convention in February will report to our Prescott meeting. A committee on co-operative marketing of cattle will make its report. All around us we observe the producers of agricultural products organizing successfully in the interests of orderly marketing. The cattlemen must take constructive steps in this direction if greater progress is made toward a stable and profitable management of our business in the future.

Another committee will report on closer co-operation, or the practicability of a consolidation, with the Arizona Wool Growers' association.

Our association has continued its interest toward securing more adequate financing of the cattle industry in the state and is particularly interested in securing immediate relief where necessary. A bill has recently been introduced in congress to provide a permanent means of financing the livestock industry, which should

be considered by our members at this time.

Among other important questions to be taken up at this meeting are the lowering of the taxable valuation on cattle, railroad rates, forest grazing, water rights, taxation and the various other matters of the association. The members in general will appreciate the opportunity to meet and discuss these matters in detail.

Prescott, Arizona, June 15, 1922. The Arizona Cattle Growers' association will hold its annual convention and the meeting of the wool growers' association on the afternoon of July 6th and the morning of July 7th. The convention will be held at the Hotel Prescott. The wool growers' meeting will be held at the Hotel Prescott. The convention will be held at the Hotel Prescott. The wool growers' meeting will be held at the Hotel Prescott.

35	∞	H left shoulder	

permitting closer correlation of supply and demand, contemplates division of the livestock-producing area of the country into four or five districts, each to be managed by experts co-operating with marketing agencies, producers and state officials in learning the market movements, available supplies, condition of the animals, etc. It is expected that monthly reports will be issued for the corn belt section when the plan is perfected, it was said.

Details of the entire plan will be worked out at a conference of state and federal officials and representatives of the industry at Denver on July 17.

WEEKLY MARKET REPORT

June 12, 1922

Chicago today received more than half the hogs and sheep, and nearly half of the cattle that arrived at the five principal western markets. This bunching of supplies caused lower prices there and weakened the market elsewhere. Here cattle were steady to 15 cents lower, hogs 10 to 15 cents off and sheep and lambs steady to 25 cents lower compared with last week's close. Trade was active in all divisions as soon as the decline was established.

Today's Receipts

Receipts today were 9,000 cattle, 15,000 hogs and 8,000 sheep, compared with 9,000 cattle, 15,000 hogs and 8,000 sheep a week ago, and 14,000 cattle, 15,000 hogs and 6,650 sheep a year ago.

Real Cattle

With 24,000 cattle in Chicago and prices there lower, the trade in fat cattle here opened slowly and prices ruled weak to 15 cents under last week's close. The bulk of the fat steers were off 10 to 15 cents. Some prime yearling steers sold at \$2.40 and prime heifers at \$2.20 to \$2.35. The bulk of the good steers sold at \$2.50 to \$2.75. Some short fat steers that showed prime carcasses, though fairly fat, brought \$2.75 to \$2.95. Fat cows were steady to 10 cents lower, mostly 10 cents off for the plainer kinds. Veal calves and bulls were steady.

Offerings of thin cattle were small for Monday and the market held fairly steady. Demand is sufficient to care for much heavier supplies than are offered. Good grazing conditions are keeping down offerings of thin cattle. It will be another six weeks before the stocker run from the southwest is under way.

Hogs Lower

Hog prices averaged 10 to 15 cents lower, top \$10.40 and bulk of sales \$10.15 to \$10.35. The market is a 35

cents under the high point reached last week. On the close today the market developed considerable strength, indicating that supplies are not running ahead of killing requirements and shipping demand. Prices were steady to 15 cents lower, top \$10.90.

Sheep and Lambs

With prices for sheep steady and lambs down 25 cents the market was back to the low position of the year. Only fair quality predominates. Most of the lambs sold at \$12.25, blined ewes \$5.50 to \$6.00, and clipped ewes \$6.25 to \$6.75. Stock and feeding grades were in limited supplies.

Horses and Mules

General demand for the limited supplies of horses offered was small at weak prices. Receipts of mules are light. There is some inquiry on harvest accounts.

CHAS. M. PIPKIN,  
Market Correspondent.

KU KLUX KLAN PROBE  
HAS BEEN POSTPONED

Assistant United States District Attorney F. D. Conble, conducting the grand jury inquiry into the Ku Klux Klan activities has announced a recess in the investigation until July 16, and dismissed all subpoenaed witnesses. The announcement came after A. L. Thibet, former secretary of the Merchants' and Manufacturers' association, alleged blasphemy of Camelback Klan No. 6, had been elected with the grand jurors during the greater part of the afternoon. All records of the organization in this county are supposed to have been in the possession of Uhler.

A similar subpoena also was served upon J. W. Snear, editor of the Arizona Republican, and late in the afternoon Mr. Snear furnished the grand jurors with several communications received by him, supposedly from the Klan.

Dr. Harry A. Hughes, publisher of "The Crank," and John O. Dunbar, publisher of "Dunbar's Weekly," also appeared during the morning.

ROY G. SCANLON, D. V. S. wants to meet the stockmen of northern Arizona who know the penalty of betting on the other man's game. If you do not know consult me about that down and out pet horse, or bring him in the first week in July and find out. No chance to lose, but a good chance to win. You pay when satisfied. Roy G. Scanlon, D. V. S. 20 1/2 N. San Francisco street. Phone 185, Flagstaff, Arizona. 6-12-22

WE PUT THEM OUT

"We don't have the men in congress we had 20 years ago."  
"Well, whose fault is it. Plenty of them were willing to stay there."

branded as  
shown.  
Range: Munda Park and Sedona.

## Unknown Foods

You do not ask your family to  
sit down to the table with un-  
known guests.

Are you equally careful about  
the meats you invite them to eat?  
Equally sure of where they come  
from, what they are, who stands  
sponsor for them?

Nowadays, fortunately, the  
risk is not great. But with  
Swift & Company's products  
there is none.

Swift & Company's products  
are the result of years of experi-  
ence, of careful, conscientious  
effort.

Their quality is a constant fac-  
tor, always to be depended upon.  
The consumer is doubly pro-  
tected because, in addition to the  
care used by Swift & Company,  
Swift's food products are care-  
fully inspected by government  
employees and bear the federal  
inspection stamp.

The word "Premium" on ham  
or bacon means that we stake  
our pride and the reputation of  
years on that ham or bacon.

These products have been  
selected, cured, smoked, and  
handled by workmen who take  
the same pride in our products  
that we do.

Be sure of Swift's products  
and thus make certain that no  
strange or unknown food is in-  
troduced into the family circle!

**Swift & Company,**  
U. S. A.
